

## A NEW COTTON MARKET.

**American Planters Have Found It in the Far East.**

### THE JAPANESE ARE WIDE AWAKE.

Indications That They Have Established an Agency at New Orleans—May Draw the Commercial Relations of Japan and the United States Closer Than Ever, Japan Believes in Progress.

New York, June 1.—Mr. N. Hashiguchi, Japanese consul general in New York, is optimistic over the prospect that the cotton of the south will serve as the commercial basis of a new Japan and the United States still closer.

Said to a reporter recently: "An American cotton dealer told me a few days ago that he had shipped 7,000 bales of raw cotton from the south to Japan by way of San Francisco. You see labor is very cheap in the south and we can manufacture cotton cloth there at a comparatively small expenditure. We find a ready market for the made product in China and Korea, where the bulk of the people are so poor that they are obliged to wear cotton cloth. The growth of mills in the south and the use of the raw material from this country over that obtained from India and China has created a great demand for the cotton of the south. I am inclined to think that the cotton of the south will have a very marked influence on the prosperity of our cotton growing states."

Mr. Lery said: "This indicates that Japan has placed a representative at New Orleans to look after her interests in the purchase of raw cotton. You know that all the great European nations have agents at New Orleans to take care of their respective interests in the cotton crop of the south. Hitherto no oriental nation has had an agent at New Orleans, but there is no doubt that Japan will be one of the first to do so. The Japanese are very active in their business and are very anxious to get into the cotton market of the south. I am inclined to think that the cotton of the south will have a very marked influence on the prosperity of our cotton growing states."

## TO BE ADMIRER

## Is a Pretty Foot in a Pretty Shoe.

There is more in the shoe than in the foot, as with the new improved ideas and skill in making shoes you can obtain an elegant style shoe, and have your foot look graceful just because the shoe is handsome.

## Style Costs Nothing.

It is merely a matter of superior judgment and taste.

## STYLE IS OUR STRONG POINT.

We include it in all of our shoes, all the prettiest patterns in ladies' tan shoes and oxfords. Our No. 95 ladies' tan kid boot in button and lace, at \$3.50 is the handsomest thing of the season. A special effort in tan shoes this week.

## REMEMBER

Style—Fit and wear in all of our Shoes.

## \$100.00 REWARD

Will be paid by Michael to any one finding a Man's, Boys' or Juvenile's Suit at a Lower price, of Equal quality, than can be had at Michael's. This is no bluff, but an actual reward. Our regular \$6.50, \$7.50 and \$8.50 suits are not puffed up to be \$15.00, \$18.00 or \$20.00 suits, but we put up our reward that they are as good as any suit sold in Lima for the price, if not better.

STREET TALK.

Lima people who attended the recent Republican State Convention at Zanesville, could not help but notice the condition of the streets in that city. Zanesville has probably the largest mileage of paved streets in the State, and they have already begun to give out. The main street is full of holes and on the side streets upon which there is not much heavy

travel, the brick has begun to wear away. It is to be regretted that the Lima Council did not visit Zanesville before the vote for brick on the Public Square.

Revenue collector George W. Hull, ex-Senator Shaw and several others are in luck. A few days ago they completed a well near Buckland, and when it was shut it had no showing of oil whatever, nor did it show its appearance for several hours thereafter. After leaving orders to have the casing drawn and the rig taken down and removed Mr. Hull took his departure for Wapakoneta to take the train for Toledo. Shortly after arriving at the station a messenger, sent for the purpose, informed him that the well was filled up with oil and advised the shipment of an outfit for pumping it. The request was at once complied with and to his astonishment it produced seventeen barrels the first day, twenty the second and twenty-three the third, and the well is getting stronger all the time.

The Maccabee lodge at Cridersville will give a supper and entertainment at their lodge room this evening. The Cridersville band will furnish the music and a nice time is anticipated by the large number of people in this city who will go down on the evening train.

## CUT WIRES.

Central Union Telephone Company Commences War.

This afternoon at 3 o'clock Manager Wheaton had a number of wires of the new telephone company cut. The wires were strung down the alley from McDonald to Metcalf streets, between Market and Spring streets, and the Central people claim they "crossed" their wires and interfered with communication.

## THROUGH THE FLOOR

Thieves Gained an Entrance to Retail Store.

A Number of Fire Arms and Cartridges Carried Away, But Nothing Else Was Taken.

This morning, when Mr. A. T. Crow opened up his retail store at 127 east Wayne street, he discovered a hole in the floor near the rear door, and when he investigated, found that thieves had been in the place last night and a number of fire arms and cartridges had been stolen.

The hole was in the middle of the floor about three feet from the rear end of the room, and measured twelve inches long and seven inches wide at its largest points. The hole had been cut by a chisel and was made by two pieces of flooring being cut out. The burglar was either a small man or a man accompanied by a boy, for only a small person could have crawled through the hole. The floor is about three feet above the ground, the space between not being enclosed. The chisel, the only evidence left behind by the burglars, was given to Chief Haller.

The articles stolen consisted of the very best firearms in the establishment. Two Smith & Wesson hammer-revolvers, of 38 calibre, were taken; one Smith & Wesson ten-inch barrel pistol, one 38-calibre New York police revolver and one 38-calibre Harrington & Richardson revolver. Several other revolvers were taken out of the show case and examined but left behind. A fine Colt revolver belonging to Conductor Folk, of the C. H. & D., lay on the counter but was not disturbed.

The thieves selected one hundred 38-calibre cartridges from a shelf upon which there was an open money box containing a quantity of cash, but the money was not molested.

## THE BICYCLE THIEF

Pleads Not Guilty, Waives Examination and is Bound Over.

Chief Haller returned from Hicksville last night with the prisoner who was arrested there with Roy McGuire's bicycle in his possession. The fellow gives his name as O. D. Brown and was recognized by the police as a crook who has been arrested here before. He was here a couple of years ago claiming to be a student at the University of Michigan, and had several hundred people on the south side watching for a balloon ascension that he failed to make.

This morning he was arraigned before the mayor upon a charge of grand larceny, to which he entered a plea of not guilty and waived examination. He was bound over to the common pleas court for \$300, in default of which he was taken to the county jail.

## DEATH OF JOHN LIPSETT.

The Remains Brought to Lima To-day for Burial.

John Lipsett, aged fifty-eight, who was sent to the Toledo asylum two years and three months ago from this city, died in that institution yesterday afternoon at 3 o'clock. Five children survive him—Edward, of Ft. Wayne; Mrs. C. L. Curtis, Mrs. Frank Seidel and Misses Emma and Minnie Lipsett, of this city.

The remains were brought here to-day by the afternoon train. The funeral will probably be held to-morrow.

Mr. Lipsett was a shoemaker by occupation and was well known in this city.

## GOES TO DAYTON.

Frank Dickman Sentenced to Thirty Days in the Work House.

Frank Dickman, a well known young man, went into Syl Brunst's place opposite the C. H. & D. depot yesterday and ordered the colored porter, Jas. Peters, to call Mr. Brunst, who was the latter did not appear immediately. Dickman ordered him to go up stairs again. The porter refused to go whereupon Dickman struck him with a mop stick. Peters threw him down and held him, but when he let him get up again he got a club and chased the colored boy into a barn at the rear of the place. Dickman was unable to get at Peters so he crossed over into the alley at the rear of the French house and landed on the head of chief cook Freeman with his club. Freeman did not hesitate to retaliate and landed a right hander in Dickman's face and left him lying in the alley.

When Dickman got up again he tried to get possession of a revolver but was unsuccessful. He was found and picked up at the police station by policeman Lehman last evening. This morning a charge of assault was signed by Freeman. The prisoner pleaded not guilty and the case was tried immediately. He was found guilty and was fined \$15 and costs and sentenced to thirty days in the Dayton work house.

## DEATH OF MRS. TIRRELL.

She Died Last Night from Quick Consumption.

Last night at 10 o'clock, Mrs. D. C. P. Tirrell died at her residence at Market and West streets. She was in ill only two months ago and for several days her condition had been considered a hopeless one. She was conscious to the very moment her spirit took its flight and was surrounded by her children to whom she bade good bye during the day, stating that she realized that the end was near.

Margaret K. Rankin was 62 years old the 8th day of last month, and married at Newark in 1854, to Mr. Tirrell. They came to Lima where he engaged in the jewelry business until fifteen years ago, when he died. She was a most estimable lady and an earnest Christian and a member of Trinity M. E. church. Then Had the Fellow Who Hit Him Arrested for Assault.

Last evening E. L. Wheaton, a lineman for the Central Union Telephone Co., accused Al Munger, a lineman employed by the new telephone company, with having "crossed" some wires. Munger claimed that Wheaton had crossed the wires himself and when the latter told him he had struck him a blow with his fist. Wheaton signed an affidavit charging Munger with assault and battery and the latter appeared before the mayor this morning and pleaded guilty. He was fined \$1 and costs.
